

Grand Opening of the AZ Thailand New Service Center

AZ Thailand's new service center in Rayong was officially opened on March 1st. The ceremony included a blessing by Buddhist monks, a traditional ribbon-cutting ceremony and good food. Together with our most important customers from the region, celebrations later continued on the beach in the evening.

New Premises in France and the UK

AZ Armaturen France now has its own building. The move was necessary because Benjamin Selosse's team has grown to include Alexandre Sliwa and Yannick Belin and is also handling more orders.

The AZ Service Centre UK, headed by Tim Clare and his wife Marie, has also relocated and is now based in Roeclyff, York, north of Leeds.

We wish both teams in France and the UK good prospects for growth and much success

Commitment is honored: AZ Armaturen celebrates long-standing employees

At the AZ Armaturen New Year's party at the Technikmuseum in St. Georgen (Museum of Technology in St. Georgen), the successful 2023 financial year was bid a festive farewell and the new year 2024 was welcomed.

CEO Jörg Wisser expressly thanked the employees for their hard work. As Jörg Wisser emphasized, motivated and qualified specialist staff are the basis for our successful company. As part of the New Year celebrations, a total of 16 employees were honored for 10 to 30 years of service.
