Report: DIAM Leipzig 2019

This year, for the first time, an additional DIAM (Deutsche Industriearmaturen- Messe, German Industrial Valve Fair) took place in Leipzig as a second location additionally to the DIAM in Bochum. AZ Armaturen was represented by Peter Ockenfels and Jens Weidner. Their conclusion after the end of the fair was

AZ Armaturen on growth path worldwide

After the 2006 expansion, AZ Armaturen GmbH is again enlarging its production areas at the Mönchweiler site. With today's ground-breaking ceremony for the new production hall, an additional 2500 square meters will be provided. "The growth and the increasing requirements of our customers require this construction measure", explains Jörg Wisser,
